

INSTRUCTIONS

1. PRINT

Print this PDF onto 8.5"×11" sheets. We recommend using 100 lb uncoated matte text stock for the pages and 80 lb uncoated matte cover stock for the cover.

2. CUT

Cut out all the pages. Note that the spine may not be the correct size depending on the paper you use, in which case simply trim it away at the markings.

3. ASSEMBLE

Arrange the pages in order starting with the front cover and ending with the back. Place your personal message right after the front cover and the closing pages right before the back cover.

4. BIND

An easy way to hold your flipbook together is to use a binder clip on the left edge. If you prefer a more professional look and feel, simply order your printed and bound flipbook at cineflips.com.

PERSONAL MESSAGE + CLOSING PAGES

Dear Kate,

I just wanted to say, Hello!
You deserve a huge thumbs up!

Warmest hugs—Josephine
